Nita:

I don't have comments on the attached letter - I think it is the standard letter used for this situations and I believe that Evette had suggested we do not go into explanations.
 (ie. it seems the CDs were marked non-releasable and were not included in the first response).. but we can explain that if pressed.

I gave all the records to the Record Center - there should be a CD with 3 folders something like
 Data Request - 104(e) first response, 104(e) Second response

Note that I am home the rest of the week and it turns out that my twins are both home with a fever. I am still working when I can - so call me if you need me at 574-520-1600.

Nita - can you send  an e-mail letting her know when the documents are mailed out to her.
